1/13/2009

To Whom it May Concern:

I am writing this letter as our endorsement of Louisiana Recovery Services. When we were trying to select a collection agency to use, it was their commitment to working with our patients in a positive manner that ultimately influenced our decision to give them our business. We are a small family practice clinic, and we place a very high value on the relationship that we have with our patients. As the Office Manager, I have had no complaints about LRS from patients returning to our clinic after being contacted by LRS about a past due account.

We were promised prompt, effective, and courteous service by LRS, and that is exactly what we have been given. LRS promptly returns our calls, and has been very responsive to any need that that we may have.

The most important factor of all is that we receive regular payments from LRS. It is clear that they are serious about collecting our accounts without losing sight of the personal aspect.

We have been very pleased with the performance of Louisiana Recovery Services, and would not hesitate to recommend the use of their services to anyone with collection concerns.

Sincerely,

Carol Hubbard

Office Manager

Cannon Family Medicine

Crowley, LA
